

PROFESSIONAL EXPERIENCE

IBM

Remote, IN

Web Development Intern

Aug 2022 - Sept 2022

- Developed and implemented responsive web solutions using HTML, CSS, and JavaScript during internship at IBM, contributing to the creation of a dynamic Traveller landing page for Holiday Landers project.
- Collaborated with cross-functional team to ensure the seamless integration of design elements and optimize user experience, demonstrating effective communication and teamwork skills while working on a project at IBM.

One Oath

Remote, IN

UI Design Intern

Sept 2023 - Present

- Designed and prototyped user-friendly interfaces for PIE, a comprehensive learning platform at One Oath, enabling users to access diverse courses, search for employment opportunities, and engage with a vibrant community.
- Conducted user research and incorporated feedback to enhance the usability and functionality of the PIE platform, demonstrating a commitment to user-centered design principles and iterative improvement processes during the internship at One Oath.

PROJECTS

- E-commerce for Artisans:** Empowering talented artisans to showcase and sell their unique creations online. I've built a user-friendly marketplace that connects artisans with a global audience, enabling them to share their craftsmanship and boost their businesses in the digital era.
[Github](#) — [View App](#) [Tech Stack : Next.js, Tailwind CSS, Javascript, Postgres, Strapi]
- Deep Learning Technique for Image Forgery Detection :** Image Forgery Detection system utilizes advanced algorithms and machine learning techniques like CNN to identify and expose manipulated or forged images. This technology plays a crucial role in ensuring the authenticity and integrity of visual content, aiding in various fields such as digital forensics, journalism, and online security.

EDUCATION

- VPKBIET (Affl. Pune University)** Baramati, MH
Bachelor of Computer Engineering; CGPA: 8.53 *Jul 2020 - Present*
Courses: Data Structures, Database Management System, Operating Systems, Analysis of Algorithms, Probability and Statistics, Computer Network and Security.
- Yashwantrao Chavan Institute of Science** Satara, MH
Maharashtra Board of Secondary Education; 79.23 *May 2020*
- Kini Highschool, Kini** Kolhapur, MH
Maharashtra Board of Secondary Education; 91.80 *May 2018*

SKILLS SUMMARY

- Languages:** C++, Java, Python, HTML, CSS, Javascript, SQL
- Tools and Frameworks:** ReactJs, NodeJs, Git, Github, JQuery, Bootstrap, REST API
- Database:** MongoDB, MySQL
- Other:** Data Structures and Algorithms, Object Oriented Programming, Problem Solving

ACHIEVEMENTS

- Participated in one of the biggest Hackathon - Rajasthan IT Day Hackathon 2023 at Jaipur, Rajasthan.
- Participated Smart India Hackathon 2023
- Completed Software Engineering virtual Exp. Program at Goldman Sachs
- Solved more than 500 problems on Leetcode and GFG
